Allowable Subject Matter

The following is a statement of reasons for the indication of allowable subject matter:

The prior arts fail to show the rotor blades having at least a part of the one or more rotor blades having a pitch angle generally fixed relative to the reference plane, at least one part of the one or more rotor blades having a pitch angle fixed relative to the rotating plane, and the rotating plane is tiltable in any direction with respect to a reference plane perpendicular to the rotor shaft axis. The Rehkemper references seem closes but do not reveal the detailed claimed parts.
